

GOVERNMENT OF ODISHA

Health & Family Welfare Department

Letter No. HFW-17402/2024 | Dated: 12-July-2024

Subject: Preventive and Control Measures Against Dengue and Other Vector Borne Diseases (VBDs) — State-wide Advisory

With the onset of the monsoon season, an increase in vector breeding sites has been observed across several districts of the State, particularly in urban and peri-urban areas of Khordha, Cuttack, Ganjam, Puri, and Balasore districts. All Chief District Medical & Public Health Officers (CDM&PHOs;) are directed to intensify surveillance and preventive action with immediate effect.

All District Vector Borne Disease Control Officers shall ensure weekly larval source reduction drives in identified hotspot wards, in coordination with Urban Local Bodies and the Public Health Engineering Organisation (PHEO).

Rapid Response Teams shall be constituted at the Block level to investigate any cluster of fever cases within 24 hours of reporting and to initiate fogging operations where indicated by entomological findings.

All Government and empanelled private health facilities shall report suspected dengue, chikungunya, and malaria cases to the Integrated Disease Surveillance Programme (IDSP) portal on a daily basis without exception.

District Collectors are requested to convene inter-departmental coordination meetings involving Health, School & Mass Education, and Housing & Urban Development departments to undertake IEC (Information, Education, Communication) activities in schools and public spaces.

Adequate stock of larvicides, insecticides, and rapid diagnostic test kits shall be maintained at the District and Block levels. Any shortfall shall be reported to the Directorate of Public Health within 3 working days.

Compliance reports shall be submitted to this Department on a fortnightly basis, indicating the number of households surveyed, breeding sites destroyed, fogging rounds conducted, and case counts by Block.

Copy forwarded to:

All District Collectors; All CDM&PHOs; Director, Public Health, Odisha; Mission Director, NHM Odisha; All Sub-Collectors and Block Development Officers for information and necessary action.

Additional Secretary to Government
